And What Have You

By BOB CRAIG

If you basketball fans did not get enough basketball last weekend maybe you can this weekend since we will have another tournament getting underway in the local gym today. This will be a boys and girls eighth grade tourney and should provide plenty of action.

I would like to congratulate coaches Deane Wright and Bobby King for running of a very successful tournament here this past weekend.

I ran across the following in the Seminole Sentinel and with a few changes it fits Hamlin or any other of the smaller cities across the country.

Here are several questions every shopper who wants to live in a larger, more prosperous community should ask himself (or herself) before leaving Hamlin to shop.

Ask yourself the following questions about the out-of-town merchant with whom you intend to shop this Christmas.

1. Does he pay taxes in Hamlin and Jones County?

If he does, then he's helping to provide you and your family with roads, streets, education, police and fire protection, plus endless tax-supporting services.

If he does, then he's doing just as much for you as every Hamlin merchant.

2. Can he fill your needs on short notice? Probably no better, on most items than a Hamlin merchant can, and you'll find the out-of-town merchant much less cooperative about placing a special order for you than the local storekeeper.

3. Does he donate his time to civic, school and church projects? The businessmen of Hamlin do.

4. Does he pay wages to employees who live and do business in Hamlin? The merchants in Hamlin do — and perhaps even to you.

5. Does he grant favors like opening his store after hours or delivering merchandise to you?

6. Would you find it convenient to trade with him all the time, driving 40 or more miles to do so, every day of the year?

If the merchant in any nearby city can pass the above test, by all means give him your business.

If he does these things, then he's a good citizen of Hamlin and deserving of strong support.

For the past few years of I have noticed a number of writers expressing a concern that our younger generation seems to be almost completely lacking in humor — this is especially true of our college youngsters. Years ago college newspapers and other college publications were filled with humor but today they seem to reflect only the darker side of life.

Maybe the following column by nationally syndicated newspaper columnist Erma Bombeck sheds some light on this problem.

ESCAPE FROM REALITY

I got some flack on a column I did a few weeks back on "Willard." Some readers felt I was condoning violence and bad taste for letting my youngsters see the film.

There was a time when I probably would have agreed with them. That's when the world had a GP rating and horror movies were rated X.

Maybe it's time we stopped flapping about the world of make-believe. ("Did Tarzan marry the girl or not? And was the chimp illegitimate?") and zero in on the big problem: reality.

We are shocked when our children see rats running over Ernest Borgnine. We can turn our backs when they are live-ins in most slums around the country.

We scream "censorship" when

The secret of a happy life is having something to do and doing it well.

**HAMLIN
HERALD**

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(December 7, 1928)

From time to time the Herald is glad to give our readers something of the doings of the Hamlin Rotary Club. As has been stated before this is a club of business men, a club of international scope, and has for its motto, "He profits most who serves best," and from that everybody may get the correct idea that it has for its purpose the stimulation of fellowship and good will for the community in which it dwells and for the peace and welfare of all mankind.

This Wednesday the tables were entirely full of home members and visitors. If a Rotarian is away from his home he can make up his attendance by attending some other club. This week we had two Rotarians from Stamford and one from Sherman, Texas. Besides the visiting Rotarians the club was favored with the presence of Rev. Ben Hardy, the new pastor of the Methodist Church. Rev. Hardy was chief speaker Wednesday. In his even calm manner, he brought a fine message and everyone enjoyed it highly.

The ladies of the Baptist Church have compiled a cook book of True and Tried recipes. The books will be ready for sale next week. If you want a book phone Mrs. Tate May, No. 112, or tell any Baptist Lady and they will get one for you.

The fact that the new Baptist Church is a reality and is accommodating the membership, satisfied and well pleased, the ladies of Mrs. F. B. Moore's Sunday School Class entertained Tuesday night in honor of the two committees which are mostly responsible in bringing to a successful termination the building program.

On Thanksgiving night the Wise Chapel School gave a Sox Supper, which netted the school near \$100. There were near 300 persons present and a real good time was enjoyed by all.

there is murder committed before our children's eyes on the tube. We can endure it when it appears on the six o'clock news with a dateline: Vietnam.

My children in their short span of earth have seen Watts in flames, mothers with clubs and rocks protesting schools, college students slain by national guardsmen, mass slaughter in California and political conventions that defy anything they have seen on a movie screen.

They have heard language from congressmen that curls their hair. They have seen animals slain to extinction by humans with clubs and shot at from moving cars. They have flinched from gunshots that fell leaders of countries because they hold views that are different from those who slayed them.

I defy you to protect a generation from violence that has seen the horrors of Kent, Dallas and Attica.

If it doesn't, it should bother someone that our children are short on laughter. We are giving birth to the most educated, bright, intelligent, serious, dedicated group of adults who ever sat in a playpen. Where is the little mouse that used to outsmart the cat in the cartoons? Where is the newspaperman who used to dress in a phone booth and wear wrinkled underwear with a cape? Where, indeed?

Bonnie and Clyde was a joke to young moviegoers...a gas. So was Butch Cassidy and the Sundance Kid. So was Willard. To them, the violence was exaggerated, absurd, unreal.

It's reality that frightens them and gives them nightmares. God help us. It does me too.

truck of the Volunteer Fire Department instead.

Central Avenue was lined with hundreds of men, women and children at 3 p.m. when Hamlin staged its first Christmas observance parade in history.

Santa Claus was the real thing, and shouts of joy went up as he tossed candy along the line of march. Somehow he looked a bit like B. V. Newberry.

Community Christmas tree programs for the Hamlin Community have been arranged to date.

McCaulley Schools will play host to area basketball teams this week at an invitational tournament in which 16 teams have been invited announces Superintendent T. E. Green.

Full-scale work was resumed this week on the new \$100,000 primary school building in North-West Hamlin by the contractor of Colorado City. Work had been delayed several days ago by a shortage of dimensions materials for the roof.

Complete new furnishing for the new building arrived Tuesday of this week, Huchingson reported, including cafeteria equipment.

Announcement was in Hamlin, Wednesday that the parliamentary drill team of Future Farmers of America from Hamlin High School had been awarded first place in district contests held Monday night at Stamford.

Ten area schools sent their drill teams to participate in the drills on leadership training. The Farmer (second-year boys) team placed fifth in its division.

A post Christmas reunion and barbecue will be held by Hamlin Veterans of Foreign Wars and their families at the club house December 15, Saturday night of next week.

Tickets have been printed, and veterans and auxiliary members were selling them this week in an effort to make it as near a 100 percent turn-out as possible. Serving of the barbecue will start at 8:00 o'clock.

The Hamlin Bands will present "A Christmas Festival, December 14. This is the annual Christmas Concert and will be held in the high school auditorium at 7:30 p.m.

Pre-School children will be admitted free, adults, 50 cents and students, 25 cents.

Under the direction of Mr. Tim Jones, the Hamlin High Band will present the following numbers: March Vivo, Hennesey's Theme, Winter Wonderland, Die Meistersinger, Gypsy Love Song, Christmas Festival, Stars and Stripes Forever.

The Junior High Band will play Men in Gray, Quilting Party Hop, Noel Francaise, Salute to Brahms.

The Sixth Grade Band will play Sacatecas March, Mexican Sundae, Santa's Holiday and Johnie Learns to Play.

The Beginner Band will play Harmony March, Skater's Waltz, Chopsticks.

The three-day Hamlin High School Basketball Tournament will get underway today (Thursday) at 2:45 and will run through Saturday night with the girls' finals at 8 p.m. and the boys' finals at 9:30 p.m.

Season ticket holders will be admitted to all of the tournament games on their season tickets. Season tickets may be bought at the gate or at the high school office and entitle the bearer to attend all of the home games of both the High School and Junior High School. Adult tickets are \$5.00 each and student tickets are \$2.50.

Jones County livestock men and others concerned with animal health met Thursday, November 30, in Anson to organize and support the recently formed Southwest Animal Health Research Foundation in its drive to do something about the animal health situation.

Mrs. Fay Ford, service representative for the Social Security office, announced this week that the local office in the Fire Station will be opened on Tuesdays instead of Fridays

Who is at the Helm?

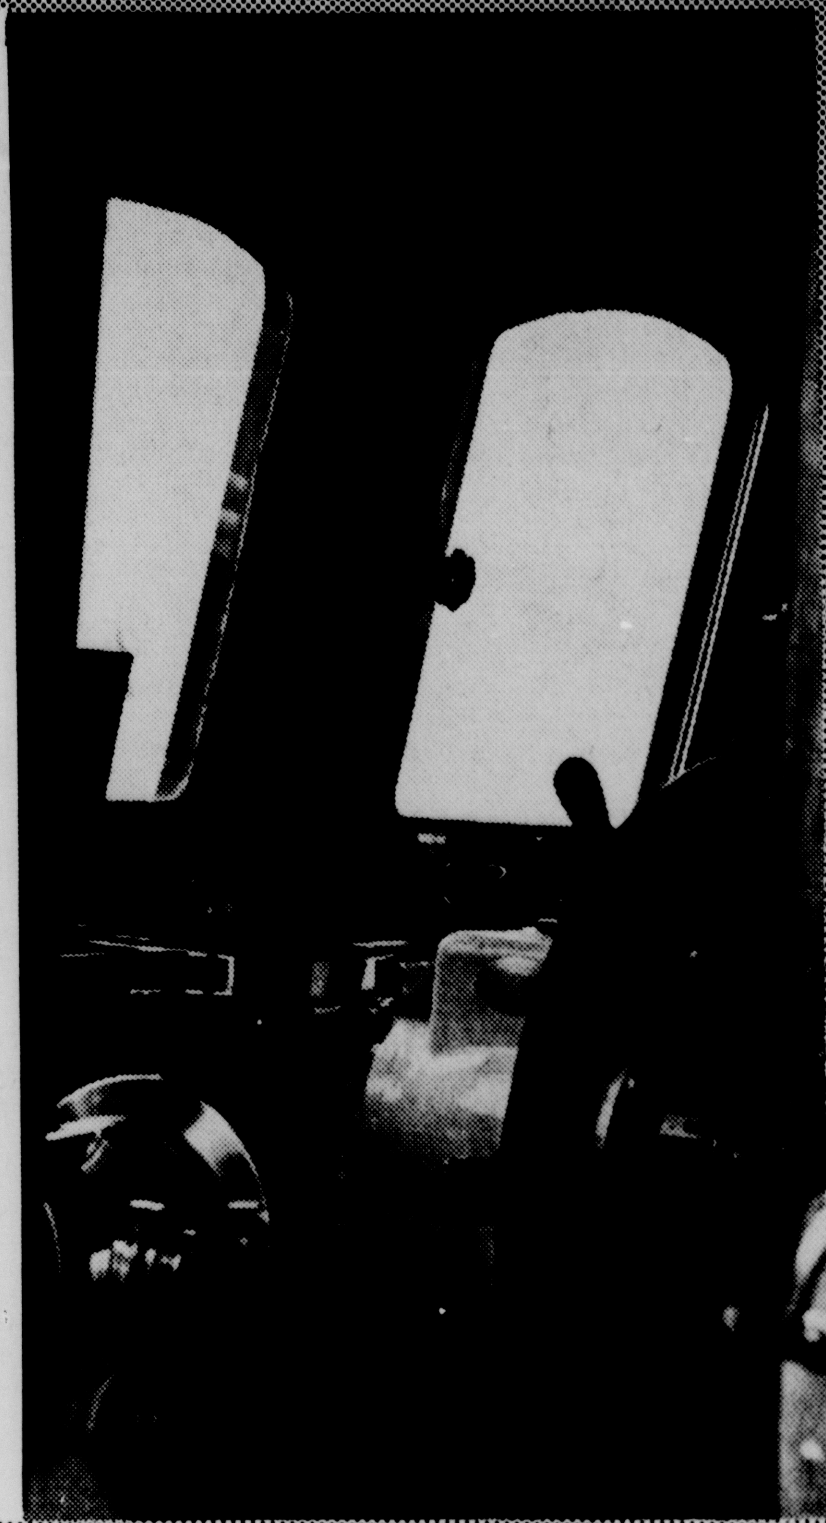

Who guides our lives? Are we a ship without a helmsman? Are we adrift, going no place?

Thanks be to God, who loves us so, He is willing to guide us, to show us the way over all manner of seas. How glorious to know there is such a One! All of us follow someone, some standard, but the true standard is God and His Word.

Let Him take over the wheel. He doesn't promise smooth sailing all the time, but He promises to guide us through the storm, and show us the way over calm and sweet but sometimes marker-less seas.

"And the Lord shall guide thee continually, and satisfy thy soul in drought, and make fat thy bones: and thou shalt be like a watered garden, and like a spring of water whose waters fail not."

Isaiah 58:11

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Elder Valery Henderson of Paducah Pastor
Meets second Sunday and preceding Saturday night each month

AUSTIN — House Speaker Gus Mutscher's bribery trial site switched abruptly from Austin to Abilene, with February or March now the expected date.

With both the defense and state filing rival motions for change of venue, Austin District Judge Tom Blackwell concluded extensive publicity in the capital city area made a transfer of the case advisable.

He sent it to the 104th district court of Judge J. Neil Daniel in Taylor County, along with indictments of co-defendants Rep. Thomas C. Shannon of Forth Worth and S. Rush McGinty of Austin, a Mutscher aide.

Defense attorneys had contended widespread news coverage made a fair trial of the speaker in the Central Texas area impossible. The indictment grew out of Mutscher's and co-defendant's 1969 profits on National Bankers Life Insurance Company stock. State alleges he received the stock tips and loans for purchases in exchange for helping pass bank deposit insurance legislation favored by Houston banker Frank Sharp.

Travis County District Attorney Robert O. Smith turned the defense argument around. He said Mutscher has so much power in Austin, where many citizens work for the state, that finding a jury free to give the state's case open consideration there may be difficult.

Blackwell didn't buy either argument entirely, but conceded Austin newspapers, radio and television stations had covered the case rather enthusiastically since last January. Further, he stated the coverage blanketed counties surrounding the capital city.

Mutscher said he was satisfied with Abilene as the trial site.

"The only thing that we have ever asked is that we be afforded a fair trial," Mutscher commented after the brief court hearing. "I feel that the citizens of Taylor County will afford us an ample opportunity to establish my innocence."

Along to Daniel went a stack of defense pre-trial motions, including one to quash the indictment. Mutscher's attorney predicted a February or March trial date. January 10 had been set originally.

DRUG REFUNDS DUE — Texans who filed valid claims under an anti-trust case may receive up to 60 percent refunds on purchases of broad spectrum antibiotic drugs purchased during 1954-66.

Atty. Gen. Crawford C. Martin said refunds will be made probably no later than March, 1972.

Tax supported hospitals and other state agencies which bought the antibiotics will share in the \$4.6 million recovery against five large drug companies named in the anti-trust suit. The U. S. Supreme Court denied the companies' last appeal October 12.

Martin and his staff are working on an allocation for-

mula. A new York federal court will hold a hearing after notice to all claimants, hopefully in January.

The drug case is the pioneer "treble damage" anti-trust case allowing individual consumers to be presented by the Attorney General and recover damages for overcharges paid as a result of price-fixing conspiracies.

LEGAL OPINIONS — Candidates who moved into new districts before Nov. 7 (a year prior to the 1972 general election) are eligible to run for House and Senate seats in those districts, Secretary of State Bob Bullock held in an opinion prepared as chief state election officer.

Atty. Gen. Martin released a long list of opinions including the following:

The time natural gas is produced under "take or pay" purchase contracts actuates accrual of production taxation on deficiency payments. The total price paid under contracts is the measure of the market value, based on the tax rate in effect at the time of actual production.

Potter County may not legally employ a flagman at a railroad crossing on a county road, but services can be performed by a traffic officer or a signal light and bell may be provided under county contract.

Commissioners courts or boards of district judges need not give notice of an official meeting to appoint or employ a public officer or employee.

The Court of Criminal Appeals presiding judge is to receive a \$33,500 a year annual salary, just \$500 more than other judges of the court are paid.

The Department of Corrections can buy and maintain an airplane.

Parker County Hospital District can be charged with a portion of attorneys' fees for defending two tax injunction suits to restrain collection of taxes.

POLITICAL FIELD EXPANDS — Dallas attorney Barefoot Sanders stepped into the U. S. Senate race, slugging from the opening bell at Republican Sen. John Tower. Sanders, 46-year-old former federal district attorney, U. S. assistant attorney general and White House aide, is the first Democrat to announce for the Senate.

W. L. (Bill) Jones Jr., Odessa businessman, entered the Democratic primary for lieutenant governor and set up campaign headquarters here.

SHORT SNORTS — Conservationists called for a minimum 100,000 acre Big Thicket National Park in East Texas.

State Banking Board approved nine "phantom" bank charters (multi-bank holding companies) in Waco, Longview and Houston, despite protests.

Texas Highway Commission approved future revision of interstate highway routes in the Dallas-Fort Worth areas.

By MRS. R. M. BABB

There is one thing for sure this Monday morning, we had a frost that will kill everything it touched. It is clear for the first time in several days. We had all totaled one inch of moisture sleet, rain and snow. Our past week was made up of, you name it, and we had it.

Mrs. Buster Lambert has been in Hamlin hospital for some time, surely hope she is feeling better.

Mrs. John Ed Reed of McCaulley ginned the first full bale of cotton here at the Co-op gin. The W. B. Browns went to Abilene Saturday afternoon.

Our sympathy to the Cox family, in the death of Orville

Cox, a brother in Merkel. Mrs. Carra Perkins has gone to Irving to visit with her daughter's family, the Morris Rocquemores.

THE STATE OF TEXAS

GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 3rd day of January, A.D., 1972, at or before 10 o'clock A.M., before the Honorable District Court of Jones County, at the Court House in Anson, Texas. Said plaintiff's first Amended Original petition was filed on the 16 day of November, 1971. The file number of said suit being No. 11,011.

Neinda Philosopher Has Question For Mr. Nixon While He's In China

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One ought to know the President isn't going to have time to answer the question he asks this week.

say knows about Mr. Nixon's forthcoming visit.
"I talked with lots of people," one of the men said, "even lots of farmers, and they all know about the coming visit. They know that Dr. Henry Kissinger has visited there twice

preparing for the trip. They know he's a brilliant scholar and they're looking forward to the President's visit."

"You mean even the farmers know about it?" the T. V. reporter asked.

"Yes, I talked with lots of farmers, and they all know about it."

The thing I want Mr. Nixon to find out is where abouts on those oxen-drawn plows do the Chinese farmers keep their radios? How do they keep from missing a lot of news while trying to listen to the radio and yell at their oxen to gee and haw, however that may be translated into Chinese?

I don't know anything about China, but I understand there are 800 million people living there and two-thirds of them are farmers. What I want to know is, if they all know about Henry Kissinger, how come they never found out about modern tractors?

If two-thirds of the people in the United States were farming, instead of 8 percent, there'd be so much food and produce stacked up a man couldn't get his car out of his garage.

I guess you could tie your radio to the handles of a walking plow or around the neck of the off-ox, but still Mr. President I'd like to know.

Yours faithfully,
J. A.

REV. PAUL HALL
to lead Revival

Central Baptist Church to Open Revival Friday

The Central Baptist Church will have a Youth led Revival Friday, Dec. 10 through Sunday, Dec. 12, with Rev. Paul Hall as the evangelist and Joe Schofield in charge of the music. Services will be at 7:00 p.m. Friday and Saturday and 10:00 a.m. and 6:00 p.m. Sunday, announced Rev. Harold Fleming, pastor.

Hall, a senior Bible major at Hardin-Simmons University is from Santa Barbara, Calif. He was a member of Singers Ho, and toured Europe with the group. He has been very active with the BSU, serving on the BSU Council, and in the dramas on campus. Paul is married and his wife Jan is also a student at H-SU. Paul has served as Music and Youth Director at the Capps Baptist Church in Abilene.

Schofield is a 23-year-old singer-composer from Glendale, Calif. He has appeared as a singer on television and in clubs throughout the Los Angeles area. He joined a professional singing group in 1967 called the National Gallery, which became a regular singing group at Disneyland. Public Urged to Protect Themselves from Thieves

With the holiday season underway, Hamlin Police Chief Ed Wheat has issued a plea for area residents to protect themselves from Christmas thieves.

Now is the time when thieves are especially looking for unlocked cars and houses to take packages from the back seat or under the tree, he warned. Special precautions are necessary to prevent ruining one's Christmas.

In regard to cars, Wheat listed the following precautions to "thief-proof" autos:

Don't leave packages or other possessions up for grabs by leaving them on the seats or the floor of a parked car. Put them in the trunk.

Roll windows up tight, and lock car doors.

Remove the ignition key when getting out of a parked auto — even for a moment. You may not only find your car gone when you return, but also get a Christmas present from the police in the form of up to a \$200 fine for leaving the keys in the car. That is now against the Texas State law.

Don't park your car in a remote or dimly lit spot. Thieves enjoy the opportunity to do their foul deeds where they are not in the limelight.

After the packages are home, keep your house locked at all times, even when you'll only be gone a short time. Thieves often stake out a house and prepare to move in as soon as it is vacated.

And, on any gift that has a serial number, just as you should every appliance in your home, write down the serial number and a description of the item.

Ten new members — Ester Brown, Jim Clifton, Terri Casey, Rickey Gruben, Larry Don Jayroe, Kenneth Payne, Richard Wallace, Frank Willis, Debbie Woolf and Ken Shira were inducted into the National Honor Society at a special assembly Nov. 18 in the high school cafeteria.

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

If you basketball fans did not get enough basketball last weekend maybe you can this weekend since we will have another tournament getting underway in the local gym today. This will be a boys and girls eighth grade tourney and should provide plenty of action.

I would like to congratulate coaches Deane Wright and Bobby King for running of a very successful tournament here this past weekend.

I ran across the following in the Seminole Sentinel and with a few changes it fits Hamlin or any other of the smaller cities across the country.

Here are several questions every shopper who wants to live in a larger, more prosperous community should ask himself (or herself) before leaving Hamlin to shop.

Ask yourself the following questions about the out-of-town merchant with whom you intend to shop this Christmas.

1. Does he pay taxes in Hamlin and Jones County?

If he does, then he's helping to provide you and your family with roads, streets, education, police and fire protection, plus endless tax-supporting services.

If he does, then he's doing just as much for you as every Hamlin merchant.

2. Can he fill your needs on short notice? Probably no better, on most items than a Hamlin merchant can, and you'll find the out-of-town merchant much less cooperative about placing a special order for you than the local storekeeper.

3. Does he donate his time to civic, school and church projects? The businessmen of Hamlin do.

4. Does he pay wages to employees who live and do business in Hamlin? The merchants in Hamlin do — and perhaps even to you.

5. Does he grant favors like opening his store after hours or delivering merchandise to you?

6. Would you find it convenient to trade with him all the time, driving 40 or more miles to do so, every day of the year?

If the merchant in any nearby city can pass the above test, by all means give him your business.

If he does these things, then he's a good citizen of Hamlin and deserving of strong support.

For the past few years of I have noticed a number of writers expressing a concern that our younger generation seems to be almost completely lacking in humor — this is especially true of our college youngsters. Years ago college newspapers and other college publications were filled with humor but today they seem to reflect only the darker side of life.

Maybe the following column by nationally syndicated newspaper columnist Erma Bombeck sheds some light on this problem.

ESCAPE FROM REALITY

I got some flack on a column I did a few weeks back on "Willard." Some readers felt I was condoning violence and bad taste for letting my youngsters see the film.

There was a time when I probably would have agreed with them. That's when the world had a GP rating and horror movies were rated X.

Maybe it's time we stopped flapping about the world of make-believe. ("Did Tarzan marry the girl or not? And was the chimp illegitimate?") and zero in on the big problem: reality.

We are shocked when our children see rats running over Ernest Borgnine. We can turn our backs when they are live-ins in most slums around the country.

We scream "censorship" when

The secret of a happy life is
having something to do and
doing it well.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(December 7, 1928)

From time to time the Herald is glad to give our readers something of the doings of the Hamlin Rotary Club. As has been stated before this is a club of business men, a club of international scope, and has for its motto, "He profits most who serves best," and from that everybody may get the correct idea that it has for its purpose the stimulation of fellowship and good will for the community in which it dwells and for the peace and welfare of all mankind.

This Wednesday the tables were entirely full of home members and visitors. If a Rotarian is away from his home he can make up his attendance by attending some other club. This week we had two Rotarians from Stamford and one from Sherman, Texas. Besides the visiting Rotarians the club was favored with the presence of Rev. Ben Hardy, the new pastor of the Methodist Church. Rev. Hardy was chief speaker Wednesday. In his even calm manner, he brought a fine message and everyone enjoyed it highly.

The ladies of the Baptist Church have compiled a cook book of True and Tried recipes. The books will be ready for sale next week. If you want a book phone Mrs. Tate May, No. 112, or tell any Baptist Lady and they will get one for you.

The fact that the new Baptist Church is a reality and is accommodating the membership, satisfied and well pleased, the ladies of Mrs. F. B. Moore's Sunday School Class entertained Tuesday night in honor of the two committees which are mostly responsible in bringing to a successful termination the building program.

On Thanksgiving night the Wise Chapel School gave a Sox Supper, which netted the school near \$100. There were near 300 persons present and a real good time was enjoyed by all.

TWENTY YEARS AGO
(December 7, 1951)

Santa Claus went modern on Greater Hamlin Monday afternoon and instead of traditionally arriving with his sleigh and reindeer, used a

And What Have You
By BOB CRAIG

there is murder committed before our children's eyes on the tube. We can endure it when it appears on the six o'clock news with a dateline: Vietnam.

My children in their short span of earth have seen Watts in flames, mothers with clubs and rocks protesting schools, college students slain by national guardsmen, mass slaughter in California and political conventions that defy anything they have seen on a movie screen.

They have heard language from congressmen that curls their hair. They have seen animals slain to extinction by humans with clubs and shot at from moving cars. They have flinched from gunshots that fell leaders of countries because they hold views that are different from those who slayed them.

I defy you to protect a generation from violence that has seen the horrors of Kent, Dallas and Attica.

If it doesn't, it should bother someone that our children are short on laughter. We are giving birth to the most educated, bright, intelligent, serious, dedicated group of adults who ever sat in a playpen. Where is the little mouse that used to outsmart the cat in the cartoons? Where is the newspaperman who used to dress in a phone booth and wear wrinkled underwear with a cape? Where, indeed?

Bonnie and Clyde was a joke to young moviegoers...a gas. So was Butch Cassidy and the Sundance Kid. So was Willard. To them, the violence was exaggerated, absurd, unreal.

It's reality that frightens them and gives them nightmares. God help us. It does me too.

truck of the Volunteer Fire Department instead.

Central Avenue was lined with hundreds of men, women and children at 3 p.m. when Hamlin staged its first Christmas observance parade in history.

Santa Claus was the real thing, and shouts of joy went up as he tossed candy along the line of march. Somehow he looked a bit like B. V. Newberry.

Community Christmas tree programs for the Hamlin Community have been arranged to date.

McCauley Schools will play host to area basketball teams this week at an invitational tournament in which 16 teams have been invited announces Superintendent T. E. Green.

Full-scale work was resumed this week on the new \$100,000 primary school building in North-West Hamlin by the contractor of Colorado City. Work had been delayed several days ago by a shortage of dimensions materials for the roof.

Complete new furnishing for the new building arrived Tuesday of this week, Huchingson reported, including cafeteria equipment.

Announcement was in Hamlin, Wednesday that the parliamentary drill team of Future Farmers of America from Hamlin High School had been awarded first place in district contests held Monday night at Stamford.

Ten area schools sent their drill teams to participate in the drills on leadership training. The Farmer (second-year boys) team placed fifth in its division.

A post Christmas reunion and barbecue will be held by Hamlin Veterans of Foreign Wars and their families at the club house December 15, Saturday night of next week.

Tickets have been printed, and veterans and auxiliary members were selling them this week in an effort to make it as near a 100 percent turn-out as possible. Serving of the barbecue will start at 8:00 o'clock.

TEN YEARS AGO
(December 7, 1961)

The Hamlin Bands will present "A Christmas Festival, December 14. This is the annual Christmas Concert and will be held in the high school auditorium at 7:30 p.m.

Pre-School children will be admitted free, adults, 50 cents and students, 25 cents.

Under the direction of Mr. Tim Jones, the Hamlin High Band will present the following numbers: March Vivo, Hennesey's Theme, Winter Wonderland, Die Meistersinger, Gypsy Love Song, Christmas Festival, Stars and Stripes Forever.

The Junior High Band will play Men in Gray, Quilting Party Hop, Noel Francaise, Salute to Brahms.

The Sixth Grade Band will play Sacatecas March, Mexican Sundae, Santa's Holiday and Johnie Learns to Play.

The Beginner Band will play Harmony March, Skater's Waltz, Chopsticks.

The three-day Hamlin High School Basketball Tournament will get underway today (Thursday) at 2:45 and will run through Saturday night with the girls' finals at 8 p.m. and the boys' finals at 9:30 p.m.

Season ticket holders will be admitted to all of the tournament games on their season tickets. Season tickets may be bought at the gate or at the high school office and entitle the bearer to attend all of the home games of both the High School and Junior High School. Adult tickets are \$5.00 each and student tickets are \$2.50.

Jones County livestock men and others concerned with animal health met Thursday, November 30, in Anson to organize and support the recently formed Southwest Animal Health Research Foundation in its drive to do something about the animal health situation.

Mrs. Fay Ford, service representative for the Social Security office, announced this week that the local office in the Fire Station will be opened on Tuesdays instead of Fridays

Who is at the Helm?

Who guides our lives? Are we a ship without a helmsman? Are we adrift, going no place?

Thanks be to God, who loves us so, He is willing to guide us, to show us the way over all manner of seas. How glorious to know there is such a One! All of us follow someone, some standard, but the true standard is God and His Word.

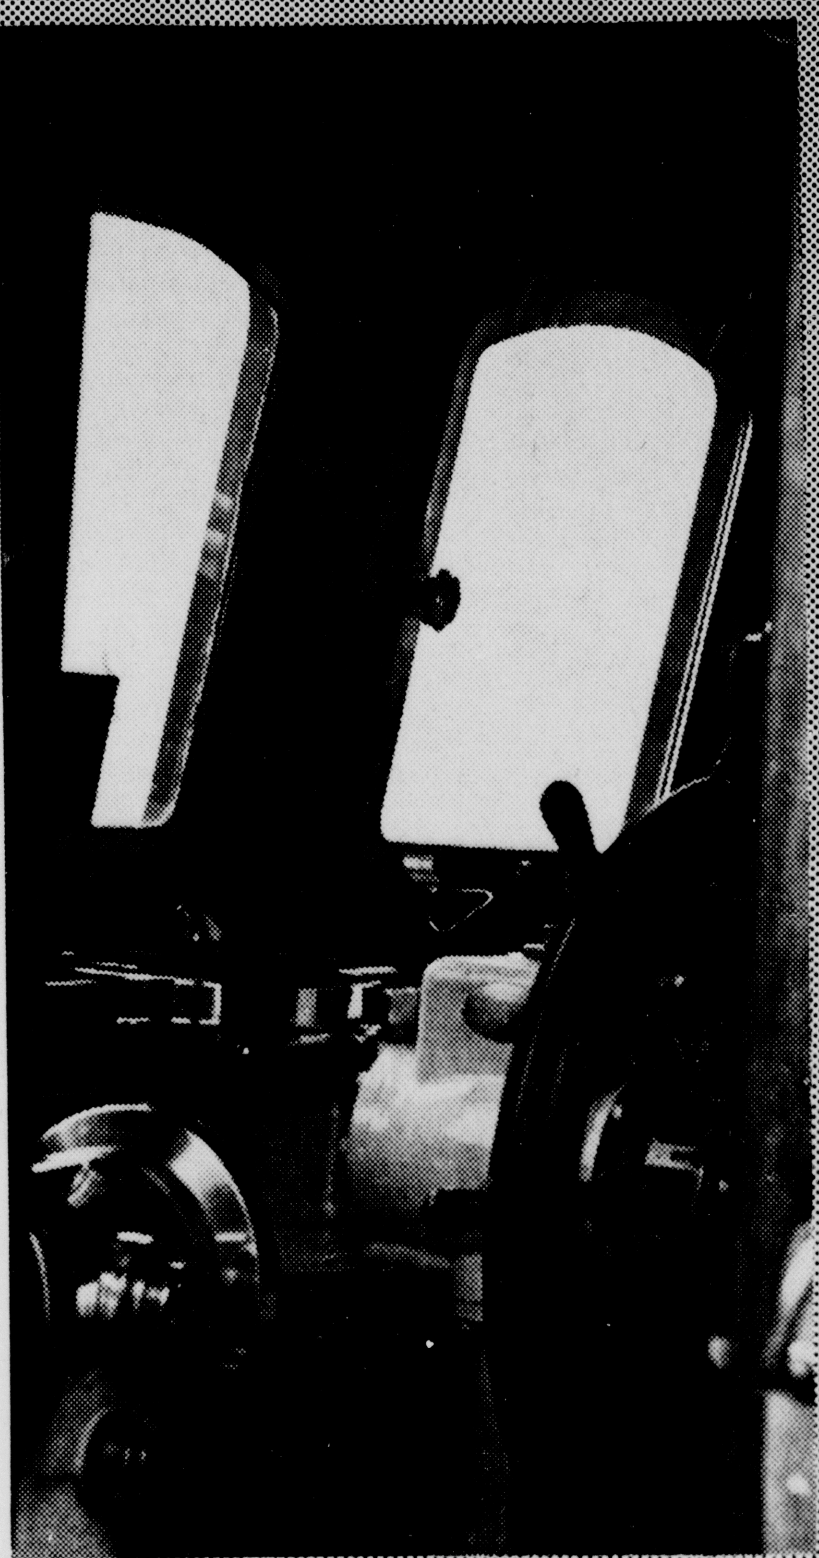

Let Him take over the wheel. He doesn't promise smooth sailing all the time, but He promises to guide us through the storm, and show us the way over calm and sweet but sometimes marker-less seas.

"And the Lord shall guide thee continually, and satisfy thy soul in drought, and make fat thy bones: and thou shalt be like a watered garden, and like a spring of water whose waters fail not."

Isaiah 58:11

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

AUSTIN — House Speaker Gus Mutscher's bribery trial site switched abruptly from Austin to Abilene, with February or March now the expected date.

With both the defense and state filing rival motions for change of venue, Austin District Judge Tom Blackwell concluded extensive publicity in the capital city area made a transfer of the case advisable.

He sent it to the 104th district court of Judge J. Neil Daniel in Taylor County, along with indictments of co-defendants Rep. Thomas C. Shannon of Forth Worth and S. Rush McGinty of Austin, a Mutscher aide.

Defense attorneys had contended widespread news coverage made a fair trial of the speaker in the Central Texas area impossible. The indictment grew out of Mutscher's and co-defendant's 1969 profits on National Bankers Life Insurance Company stock. State alleges he received the stock tips and loans for purchases in exchange for helping pass bank deposit insurance legislation favored by Houston banker Frank Sharp.

Travis County District Attorney Robert O. Smith turned the defense argument around. He said Mutscher has so much power in Austin, where many citizens work for the state, that finding a jury free to give the state's case open consideration there may be difficult.

Blackwell didn't buy either argument entirely, but conceded Austin newspapers, radio and television stations had covered the case rather enthusiastically since last January. Further, he stated the coverage blanketed counties surrounding the capital city.

Mutscher said he was satisfied with Abilene as the trial site.

"The only thing that we have ever asked is that we be afforded a fair trial," Mutscher commented after the brief court hearing. "I feel that the citizens of Taylor County will afford us an ample opportunity to establish my innocence."

Along to Daniel went a stack of defense pre-trial motions, including one to quash the indictment. Mutscher's attorney predicted a February or March trial date. January 10 had been set originally.

DRUG REFUNDS DUE — Texans who filed valid claims under an anti-trust case may receive up to 60 percent refunds on purchases of broad spectrum antibiotic drugs purchased during 1954-66.

Atty. Gen. Crawford C. Martin said refunds will be made probably no later than March, 1972.

Tax supported hospitals and other state agencies which bought the antibiotics will share in the \$4.6 million recovery against five large drug companies named in the anti-trust suit. The U. S. Supreme Court denied the companies' last appeal October 12.

Martin and his staff are working on an allocation for-

mula. A new York federal court will hold a hearing after notice to all claimants, hopefully in January.

The drug case is the pioneer "treble damage" anti-trust case allowing individual consumers to be presented by the Attorney General and recover damages for overcharges paid as a result of price-fixing conspiracies.

LEGAL OPINIONS — Candidates who moved into new districts before Nov. 7 (a year prior to the 1972 general election) are eligible to run for House and Senate seats in those districts, Secretary of State Bob Bullock held in an opinion prepared as chief state election officer.

Atty. Gen. Martin released a long list of opinions including the following:

The time natural gas is produced under "take or pay" purchase contracts actuates accrual of production taxation on deficiency payments. The total price paid under contracts is the measure of the market value, based on the tax rate in effect at the time of actual production.

Potter County may not legally employ a flagman at a railroad crossing on a county road, but services can be performed by a traffic officer or a signal light and bell may be provided under county contract.

Commissioners courts or boards of district judges need not give notice of an official meeting to appoint or employ a public officer or employee.

The Court of Criminal Appeals presiding judge is to receive a \$33,500 a year annual salary, just \$500 more than other judges of the court are paid.

The Department of Corrections can buy and maintain an airplane.

Parker County Hospital District can be charged with a portion of attorneys' fees for defending two tax injunction suits to restrain collection of taxes.

POLITICAL FIELD EXPANDS — Dallas attorney Barefoot Sanders stepped into the U. S. Senate race, slugging from the opening bell at Republican Sen. John Tower.

Sanders, 46-year-old former federal district attorney, U. S. assistant attorney general and White House aide, is the first Democrat to announce for the Senate.

W. L. (Bill) Jones Jr., Odessa businessman, entered the Democratic primary for lieutenant governor and set up campaign headquarters here.

Neinda Philosopher Has Question For Mr. Nixon While He's In China

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One ought to know the President isn't going to have time to answer the question he asks this week.

Dear editor:

I know that President Nixon is going to have a lot of things on his mind when he visits Red China in February but I sure wish he had time to find out something that's bothering me about that country.

According to an interview I saw on television the other night with two Americans of Chinese extraction who talk English and Chinese fluently and who have just returned from a visit to China, everybody over there or down there I guess I ought to

say knows about Mr. Nixon's forthcoming visit.

"I talked with lots of people," one of the men said, "even lots of farmers, and they all know about the coming visit. They know that Dr. Henry Kissinger has visited there twice

preparing for the trip. They know he's a brilliant scholar and they're looking forward to the President's visit."

"You mean even the farmers know about it?" the T. V. reporter asked.

"Yes, I talked with lots of farmers, and they all know about it."

The thing I want Mr. Nixon to find out is where abouts on those oxen-drawn plows do the Chinese farmers keep their radios? How do they keep from missing a lot of news while trying to listen to the radio and yell at their oxen to gee and haw, however that may be translated into Chinese?

I don't know anything about China, but I understand there are 800 million people living there and two-thirds of them are farmers. What I want to know is, if they all know about Henry Kissinger, how come they never found out about modern tractors?

If two-thirds of the people in the United States were farming, instead of 8 percent, there'd be so much food and produce stacked up a man couldn't get his car out of his garage.

I guess you could tie your radio to the handles of a walking plow or around the neck of the off-ox, but still Mr. President I'd like to know.

Yours faithfully,
J. A.

Public Urged to Protect Themselves from Thieves

With the holiday season underway, Hamlin Police Chief Ed Wheat has issued a plea for area residents to protect themselves from Christmas thieves.

Now is the time when thieves are especially looking for unlocked cars and houses to take packages from the back seat or under the tree, he warned. Special precautions are necessary to prevent ruining one's Christmas.

In regard to cars, Wheat listed the following precautions to "thief-proof" autos:

CLEE BARNETT
...35 years service

Clee Barnett Marks 35 Years With Mobil Oil

Clee Barnett, Division Buyer, in Mobil Oil Corporation's Exploration and Producing Division recently completed 35 years of service. He was presented with a jeweled service emblem by his supervisor, H. W. Good.

Mr. Barnett joined Mobil in 1936 at Kermit, Texas as a clerk in the Material Accounting section. Most of his service with Mobil has been in the West Texas Division except for a brief time in Alice, Texas in 1947-48. It was in 1966 after having served as District Producing Accounting Supervisor in Lubbock, Texas that he was transferred to Midland as Division Special Services Supervisor and subsequently promoted to his present position.

Mary Jane Wallace Receives H-SU Honor Scholarship

Mary Jane Wallace, sophomore from Hamlin, is among 37 Hardin-Simmons University students this fall who have received honor scholarships.

Mary, a recipient of a \$125 scholarship, is the daughter of V. M. Wallace, III Southwest Ave. G.

Honor Scholarships are granted annually at H-SU to young men and women who graduate from high schools and junior colleges with the highest academic averages.

The student must maintain a B average to retain the scholarship.

Don't leave packages or other possessions up for grabs by leaving them on the seats or the floor of a parked car. Put them in the trunk.

Roll windows up tight, and lock car doors.

Remove the ignition key when getting out of a parked auto — even for a moment. You may not only find your car gone when you return, but also get a Christmas present from the police in the form of up to a \$200 fine for leaving the keys in the car. That is now against the Texas State law.

Don't park your car in a remote or dimly lit spot. Thieves enjoy the opportunity to do their foul deeds where they are not in the limelight.

After the packages are home, keep your house locked at all times, even when you'll only be gone a short time. Thieves often stake out a house and prepare to move in as soon as it is vacated.

And, on any gift that has a serial number, just as you should every appliance in your home, write down the serial number and a description of the item.
